

An additional 14 Navy personnel with unknown affiliation appear in a LASL document (Reference 58). However, their names, ranks, and project numbers are listed. Only two of these were badged.

#### Task Group 3.2 (Army)

One Navy officer was assigned to TG 3.2 in the Property Accounting Branch. He was not badged (Reference 191, Navy).

#### Task Group 3.4 (Air Force)

Twenty Navy personnel were assigned to TU 3.4.5 (Weather Squadron). None were badged (Reference 192, p. B-4; Reference 193).

#### Naval Observers

Observer lists are available for the first three shots of the series. DOG had 13 naval officer observers. Two of these were from the AEC Military Liaison Committee. No organizational affiliation is shown for the remaining eleven. One of the latter was badged.

Shot EASY had nine naval officer observers. Seven were badged. There are no organizational affiliations noted.

GEORGE had two naval officer observers. One was from the AEC Division of Military Applications. Neither was badged.

#### Transient Ships

Twenty transients appeared at Enewetak Atoll during GREENHOUSE. These ships were not a part of TG 3.3. Their mission was to bring food, fuel and other supplies to the atoll or in other ways support the operation (References 181 through 185 and 194). They were:
